

MONTANA
naturally inviting!

Recreation Map

HERE IS YOUR GUIDE to Montana's public campgrounds and recreation areas. With this guide, we invite you to discover Montana's millions of acres of national forest, thousands of miles of hiking trails, extensive fishing access, abundant wildlife, 10 state parks and two national parks. Also awaiting you are diverse recreation opportunities. Try our sightseeing, hiking, motor and trail cycling, rock hunting, mountain climbing, backpacking, horseback riding, camping, picnicking, hunting, fishing, waterskiing, boating and swimming.

The map will direct you to nearly 500 campsites and recreation areas maintained by the Montana Department of Fish, Wildlife and Parks, the U.S. Forest Service, the U.S. Bureau of Land Management and the National Park Service. Developed sites usually provide a parking spur, table, fireplace, toilets and water. Campgrounds that require a fee are signed and time limits, if any, are posted.

This guide is published by a cooperative effort of the Montana Department of Commerce, the Montana Department of Fish, Wildlife and Parks, the U.S. Forest Service and the U.S. Bureau of Land Management. For information about Montana's privately owned and operated campgrounds, consult the Montana Accommodations Guide. This publication and others that will help with your vacation planning are available through the Montana Promotion Division. For more information about specific areas, contact the agencies and organizations listed below.
